

Labgear Certified Ultra HDMI Cables

A new range of Ultra High Speed cables tested to confirm 8K resolution @ 60Hz and full **48Gbps** bandwidth ensuring top quality for feature-rich 8K/Ultra HD content

Each cable pack has a unique anti-counterfeiting authentication label

Supports:

8K ULTRA HD and 3D products
HDCP 2.2 compliant equipment
Resolutions of 8K @ 60Hz, 4K @ 120Hz as well as 1080p and lower resolutions
High dynamic range (HDR) signals
Up to 32 audio channels

GRL Lab tested for compliance with HDMI ULTRA High Speed specifications

EMI tested to ensure minimal interference with wireless signals

Features:

Integrated Ethernet channel
Audio return channel (ARC)
100% ALMG Triple shield to minimise interference
Oxygen-free copper conductors for optimum conductivity
24k gold plated connectors to resist corrosion
Polished metal heads

Lengths Available

1m - UHD01 - 50032PI
2m - UHD02 - 50033PI
3m - UHD03 - 50034PI
