CLEAR FACEPLATE
for your own designs

- Involve the family and create personalised switches for each room.

- Use a spare piece of wallpaper to blend the switch into the wall.

- Use photos from a memorable holiday.

Times Square New York February 2009

Creating Your Switch

- Each switch comes with a template to make a cutout that you can place behind the 'clear' faceplate to create your unique style.
- Choose from favourite photos, magazine cuttings, wallpaper or create your very own.
