MODEL	RATING	DIMENSIONS	CONTROLS	TOTAL WEIGHT(KG)
PH075	0.75kW	H.410mm x W.410mm x D.100mm (mounted)	Manual	5.5
PH125	1.25kW	H.410mm x W.560mm x D.100mm (mounted)	Manual	6.5
PH150	1.50kW	H.410mm x W.635mm x D.100mm (mounted)	Manual	7
PH200	2.00kW	H.410mm x W.785mm x D.100mm (mounted)	Manual	8
PH075T	0.75kW	H.410mm x W.410mm x D.100mm (mounted)	Timer	5.5
PH125T	1.25kW	H.410mm x W.560mm x D.100mm (mounted)	Timer	6.5
PH150T	1.50kW	H.410mm x W.635mm x D.100mm (mounted)	Timer	7
PH200T	2.00kW	H.410mm x W.785mm x D.100mm (mounted)	Timer	8

Elnur Gabarron panel heaters are perfect for small rooms such as bedrooms, studies, conservatories and loft conversions. They come in a wide range of outputs from 750w to 2000w and every model is available with or without a 24 hour timer.

All the panel heaters have an adjustable thermostat offering a wide temperature range, including a frost protection setting of 5°c. Also for maximum safety there is a thermal cut-out on all models to prevent overheating, should the outlet grille be accidentally covered.

The panel heaters are stylish, slim and occupy minimum wall space and are finished in an attractive white powder coated finish, which compliments the Elnur storage heater range. They are wall mounted and should be connected to the electrical supply via a fused connection switched outlet.
