

# REFLECTOR series

## Revolutionising Reflector Technology

Beneath the translucent finish of each lamp lies state-of-the-art lamp tube technology. With the integrated patented cooling-tube a high luminous efficacy is maintained throughout the lamp life.

## Applications

Shop displays, showrooms, reception areas, conference rooms, corridors, offices, hotels, restaurants and lounges.

### FL GU10

<b>Lamp Base</b> GU10	<b>Diameter (mm)</b> 50	<b>Length (mm)</b> 65	<b>Weight (g)</b> 45	<b>Order Code</b> 141227
--------------------------	----------------------------	--------------------------	-------------------------	-----------------------------

<b>7 Watt</b>	<b>15,000 hours</b>	<b>Standard Pack 60 (10)</b>	<b>Colour Temp WARM WHITE</b>
---------------	---------------------	------------------------------	-------------------------------

### BR0707i

<b>Lamp Base</b> GU10	<b>Diameter (mm)</b> 50	<b>Length (mm)</b> 76	<b>Weight (g)</b> 52	<b>Order Code</b> 141326
--------------------------	----------------------------	--------------------------	-------------------------	-----------------------------

<b>9 Watt</b>	<b>15,000 hours</b>	<b>Standard Pack 60 (10)</b>	<b>Colour Temp WARM WHITE</b>
---------------	---------------------	------------------------------	-------------------------------

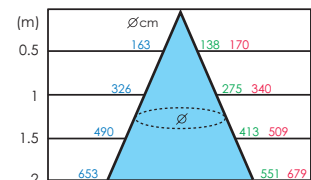

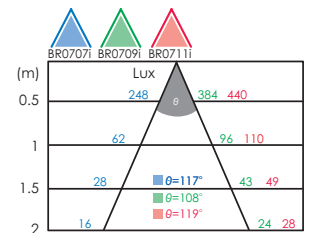

### BR0709i

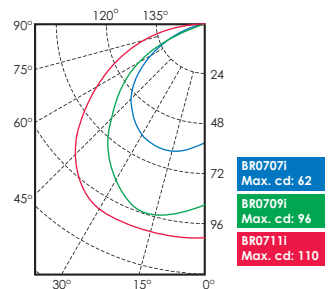

<b>Lamp Base</b> GU10	<b>Diameter (mm)</b> 50	<b>Length (mm)</b> 76	<b>Weight (g)</b> 60	<b>Order Code</b> 141432
--------------------------	----------------------------	--------------------------	-------------------------	-----------------------------

<b>11 Watt</b>	<b>15,000 hours</b>	<b>Standard Pack 60 (10)</b>	<b>Colour Temp WARM WHITE</b>
----------------	---------------------	------------------------------	-------------------------------

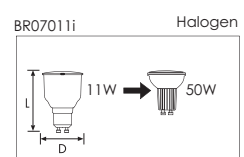

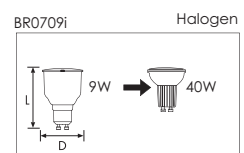

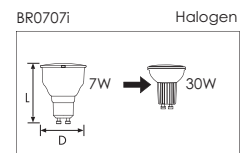

### BR0711i

### Luminous Intensity in cd

### Comparison of equivalent luminous flux against halogens

- 15,000 hrs lifetime
- 600,000 switching cycles
- shorter preheating time

# COMPACT REFLECTOR

Lamp Base	Diameter (mm)	Length (mm)	Weight (g)	Order Code
E14	50	87	53	165322

**BR0907i** R50

**7** Watt
15,000 hours
Standard Pack 60 (10)
Colour Temp WARM WHITE

Lamp Base	Diameter (mm)	Length (mm)	Weight (g)	Order Code
E27	63	103	95	168323

**BR1111i** R63

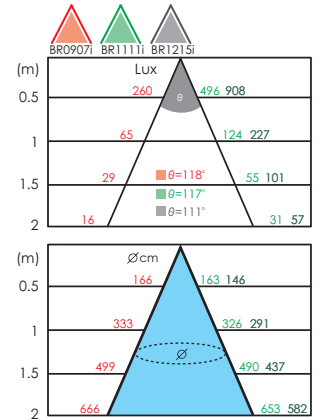

**11** Watt
15,000 hours
Standard Pack 60 (10)
Colour Temp WARM WHITE

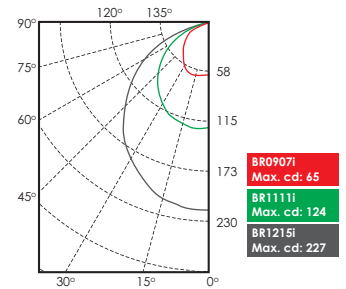

Lamp Base	Diameter (mm)	Length (mm)	Weight (g)	Order Code
E27	80	113	149	169320

**BR1215i** R80

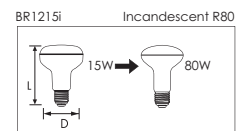

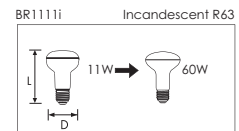

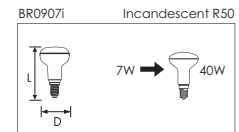

**15** Watt
15,000 hours
Standard Pack 24 (6)
Colour Temp WARM WHITE

## Luminous Intensity in cd

## Comparison of equivalent luminous flux against incandescent reflectors

- 15,000 hrs lifetime
- 600,000 switching cycles
- shorter preheating time

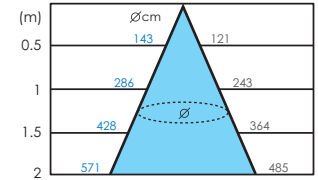

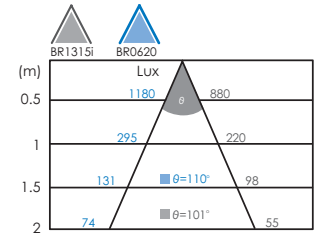

<b>Lamp Base</b> E27	<b>Diameter (mm)</b> 95	<b>Length (mm)</b> 88	<b>Weight (g)</b> 153	<b>Order Code</b> 163120
-------------------------	----------------------------	--------------------------	--------------------------	-----------------------------

**BR1315i** PAR30H

15Watt
15,000 hours
Standard Pack 24 (6)
Colour Temp WARM WHITE

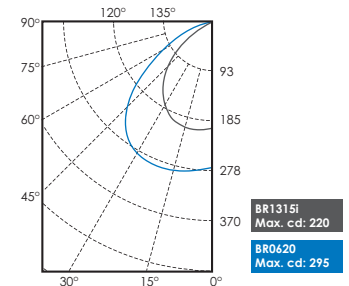

<b>Lamp Base</b> E27	<b>Diameter (mm)</b> 121	<b>Length (mm)</b> 133	<b>Weight (g)</b> 263	<b>Order Code</b> 162024
-------------------------	-----------------------------	---------------------------	--------------------------	-----------------------------

**BR0620** PAR38

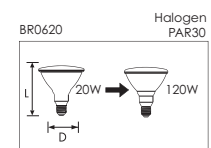

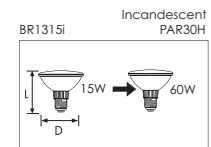

20Watt
10,000 hours
Standard Pack 24 (6)
Colour Temp WARM WHITE

### Luminous Intensity in cd

## Product Information

### With MEGAMAN® Reflector

## Perfect Replacement of Incandescent Reflectors

- Low power consumption and extremely long operating life, making it suitable for lengthy and continuous operation.
- Optimum lumen efficacy is maintained via the patented cooling tube.

- 15,000 hrs lifetime
- 600,000 switching cycles
- shorter preheating time
