<b>Blade diameter</b>	100 mm
<b>USB power</b>	5V DC
<b>Dimensions</b>	145 x 145 x 80mm (H x W x D)
<b>Weight</b>	330g

### Features:

- Quiet yet powerful 3W motor
- Tough metal construction
- Tilt angle adjustment
- Powered by USB connection

### Assembly Diagram:

1. Fan blade
2. Grille
3. Stand frame
4. USB power outlet
5. Power switch

**Operation:**

1. Set the fan on a dry, level and secure surface and do not hang or mount on a wall or ceiling.
2. Connect the fan to a suitable USB power source using the 1.1m power lead and plug.
3. To turn the fan on and off, press power switch (5) at the back of the unit.
4. To adjust the tilt of the fan, simply move the head unit up or down, selecting the desired gradient.

**Cleaning the fan blades:**

To clean the fan blades and keep them free from dust and dirt, disconnect the fan from the USB supply and clean using a soft brush. The grille may also be cleaned using a soft damp cloth, but never use any liquids or detergents.

**Warnings:**

- For reasons of electrical safety, this device must never be immersed in water, exposed to damp conditions or excessive force.
- Do not use this device if you find that it is damaged in any way.
- Do not attempt to repair this device or take apart under any circumstances, as this will invalidate your warranty.
- Never cover the fan or place anything on the grilles, as this may result in overheating or fire.
- Never allow foreign objects to be pushed into the motor, or fan blades as this may result in fire, injury or damage to the fan.

This product is classed as Electrical or Electronic equipment and should not be disposed with other household or commercial waste at the end of its useful life. The goods must be disposed of according to your local council guidelines.
