

ETH Terrace Heater – smart modern design

- A stylish means of providing a temperature boost on terraces and patios
- Ideal for both domestic and commercial use
- High quality construction for long life and peace of mind

Typical Application

- Dining areas
- Pavement cafés
- Balconies

Terrace heaters are especially well suited to partially enclosed areas where draughts are restricted. In more exposed areas we would recommend our HWP2 Patio Heaters.

ETH Terrace Heaters are also perfectly well suited for indoor applications.

Features

- Smart black appearance
- Angle adjustable mounting brackets provided
- 2m pre-wired power cable
- Fixing points provided for suspension
- IP44 rated for outdoor use
- No light output
