

# ecoheater™ SLIMLINE HEATER WITH THERMOSTAT

Perfect for either wall mounting or floor standing operation, the ECOHEATER Slimline Heater with its built-in thermostat and space-saving design is ideal for providing gentle background heating and preventing dampness, condensation and freezing in areas with restricted space such as wardrobes, airing cupboards and caravans.

Manufactured in high quality seamless tube and supplied with wall/floor brackets and a 1.5m cable and plug.

- **COMPACT TUBE HEATER WITH BUILT-IN THERMOSTAT** - provides constant heat to keep small spaces aired and prevent dampness and condensation.
- **SUPPLIED WITH WALL/FLOOR BRACKETS** - for optional fitting
- **1.5 METRE WHITE PUSH-FIT CABLE AND PLUG** - which can be disconnected when the heater is not in use
- **IP44 RATED** - for water resistance
- **AUTOMATIC SAFETY CUT-OUT** - and fully CE certified and BS EN 60335/1:2002 compliant.
- **AVAILABLE IN 5 SIZES** - from 300mm (28W) to 1500mm (190W)
