

D-Line®

Cable Tidy Wrap

D-Line spiral wrap solution is versatile by the users ability to simply wrap by hand around the cables according to the diameter of the bundle - profiles available to expand up to 20mm, or 40mm diameter. Also cables can branch out along the length at any point and in any direction.

For use to securely wrap cables together in offices, homes and factories - the lengths can be simply cut by scissors.

Produced from 1.5mm gauge LDPE material, the thickness ensures an effective protection to cable insulation.

Halogen free, UV stabilised, this spiral wrap also offers good resistance to oils and lubricants, acids, alkalis and fuels.

Code	Description	Colour	Diameter
CTW2.5B	2.5m length of Spiral Wrap	Black	10-40mm
CTW2.5W	2.5m length of Spiral Wrap	White	10-40mm
