

## BR Electric Towel Rails

BR150W / BR250 / BR400 / BR500

## Product Description

Ladder design electric towel radiator

## Key Features

- Ladder design maximises capacity for hanging damp towels and cloths
- No external controls
- Slim vertical design to maximise use of wall space even in confined areas
- Provided with inlet/outlet plumbing connections - no adapters needed

## Technical Specification

**Controls**

No external controls  
 Suitable for connection to thermostats, timers or regulators in accordance with IEE regulations

**Cable**

1 metre of electrical cable pre-fitted

**Element**

Vertical mounted immersion element

**Connections**

Installations must be carried out in accordance with current IEE wiring regulations

**Construction**

Sealed, liquid filled steel shell  
 Water based fluid with glycol frost/corrosion inhibitor

**Safety**

Built in temperature limiter and overheat protection

**Protection**

IPX4 rated for use in wet areas

**Installation**

Supplied with wall mounting points and brackets

**Colour/Finish**

All models white stove enamel

**Standard Warranty**

12 months

## Product Range Details

BR150W a) 665mm b) 430mm c) 402mm d) 145mm e) 268mm  
 BR250 a) 665mm b) 610mm c) 443mm d) 145 e) 268mm  
 BR400 a) 1003mm b) 610mm c) 443mm d) 145mm e) 268  
 BR500 a) 1345mm b) 610mm c) 443mm d) 145mm e) 268mm

W = electrical element cable termination X = water inlet (flow) connection  
 Y = water outlet (return) connection Z = bleed valve

	BR150W	BR250	BR400	BR500
<b>Performance</b>				
No. of Rails	10	10	16	22
Output (electric) (W)	150	250	400	500
<b>Dimensions</b>				
Height (mm)	665	665	1003	1345
Width (mm)	430	610	610	610
Depth (mm)	145	145	145	145
Weight (kg)	6.5	9.0	15.0	20.0

## Additional Information

**Installation to radiator circuit**

Removing bungs to inlet/outlet connections drains liquid. Connect to radiator circuit. Radiator refilled from radiator circuit and bled using valve concealed below top right header cap. Electrical connection as electric only installation.
