- Rating from 500W to 1500W.
- Simple fixing brackets
- 2 year manufacturers warranty

MODEL	RATING	DIMENSIONS	TOTAL WEIGHT (Kg)
RT4E	0.5kW	H.580mm x W.415mm x D.120mm (mounted)	9.5
RT8E	1.0kW	H.580mm x W.735mm x D.120mm (mounted)	17.5
RT12E	1.5kW	H.580mm x W.1055mm x D.120mm (mounted)	25.5

Elnur Gabarron range of wall mounted electric oil filled designer radiators are available in a range of outputs from 500W to 1500W, and every model in the 'E' range has a programmable digital 24hr/7day timer control.

Ideal for home or office use, the radiators are filled with environmentally friendly oil and heated via an element ensuring constant radiant heat.

For maximum safety there is a thermal cut-out on all models to prevent overheating should the outlet grille be accidentally covered.

Elnur electric designer radiators are wall mounted and connected to the electrical supply via a fused connection switched outlet.
