INTRODUCING

North American Home Style Collection

The North American Home Style Collection is a stylish range of designs originally created in the USA for the USA and Canadian markets. As trends change, some of these styles are becoming more popular across the world marketplace rather than solely in North America.

In 2012 Elstead Lighting signed exclusive licensing and distribution agreements with four top USA lighting brands. This was to facilitate the 220V - 240V sales opportunities they had previously been unable to exploit due to the voltage difference between North America and the majority of the other world markets.

Hinkley Lighting, Feiss, Quoizel and Flambeau Lighting are all very well-known and long established brands in the American Lighting and Interiors industry, but have not had the chance to seriously promote their brands outside of their home market until meeting with Elstead Lighting.

The products presented in this catalogue are all manufactured to CE EN60-598 standards in 220-240V specifications and are now being introduced in all world markets that require this voltage.

FEISS®

EST. 1955

Established 1955 in New York; Feiss are renowned for their classic styling and quality feel, great original designs and as part of a group of lighting companies which are now one of the biggest in the US market, great R & D resources for future product developments.

HINKLEY®

LIGHTING

Founded in 1922 and based in Cleveland, Ohio; Hinkley are on their 4th generation family ownership. The Hinkley collection has a both a classic and contemporary feel to the product ranges, many represent what is classed as "transitional" styling, and are always made to the highest quality and design.

QUOIZEL

Based in Charleston, South Carolina, Quoizel was founded in 1930 and has since built a reputation for its diverse and unique product range, often engaging well known freelance designers to help with bringing fresh styles to the marketplace.

FLAMBEAU

Lighting...New Orleans Style

Hailing from Baton Rouge, New Orleans; Flambeau offers one of the most unique and distinctive lighting collections in the marketplace. Working with specialist designers who model up their own original creations using distress finishes of gold and silver leaf to create 21st century antiques. The Flambeau Collection brings to the market a style and look unrivalled in today's lighting industry.

FEISS®

EST. 1955

Established in 1955, Murray Feiss began by offering a small assortment of porcelain figurine lamps that were topped with his mother's hand-sewn lampshades, and the brand has evolved over the years into one of the country's leading manufacturers of decorative lighting products. As always, we strive to deliver an expansive selection of beautiful designs, accessible price points and exceptional customer service -- attributes that were all near and dear to Murray Feiss when he founded this company and remain equally important to us today as we look toward the future.

Quality Design: Each year we gather inspiration for across the country and across the world to bring you fresh designs spanning from traditional to contemporary styles, all with an eye to delivering the high quality details our savvy customers expect. We strive to ensure our products generate an emotional connection with you and your space. Your surroundings reflect your taste and preference, and our products are designed to achieve that feeling of completion as you place each Feiss fixture in the perfect location. No corner is ever cut when we design and manufacture our products. We source quality metals, crystal, marble, ceramics and, yes, porcelain as well as many other materials and an extensive array of finishes to achieve distinctive looks which complement every style of interior and exterior design.

In March 2012, Feiss partnered with Elstead Lighting as their European and specialist 220-240V market distributor.

Feiss Contents

Interior		Kelham Hall	18 - 19	Gianna	36 - 37
