

LTLBMWECW Power Selectable LED Folded Low Bay c/w Emergency

The LTLBMWECW LED Folding Low Bay with Emergency provides reliable everyday lighting with the added protection of built-in emergency operation. In the event of a power failure, the fitting automatically switches to emergency mode, ensuring continued illumination to support safe evacuation and maintain visibility in critical areas. Its durable folding design allows for quick installation and wide light coverage, while also offering flexible mounting and compatibility with lighting control systems. By integrating emergency functionality within the main fitting, it removes the need for a separate emergency light, reducing installation time and overall costs. This makes it an ideal solution for commercial and industrial environments where safety and operational continuity are essential.

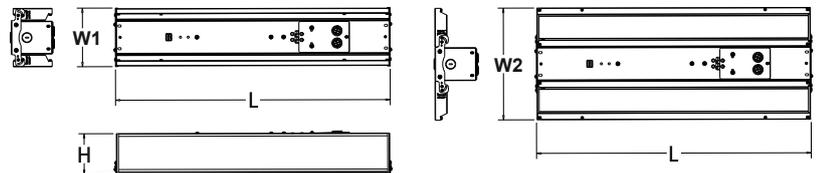

Applications: loading bays, warehouse walkways, commercial areas, inspection zones, stairwells, high-risk work areas.

Features & Benefits:

- Power Selectable: 100W / 130W / 150W
- Luminous Flux: Up to 22,500 lm
- Efficiency: 150 lm/W
- Dimming: Fixed Output / 1-10V
- Emergency Kit included
- Material: Steel Heatsink & Housing
- Mounting: Surface or Suspended
- Accessories: V Hooks (included)
Besa Fixings (included)
Wire Guard LTLBWG (sold separately)

Dimensions(mm):

L(mm)	W1(mm)	W2(mm)	H(mm)
600	129	246	89

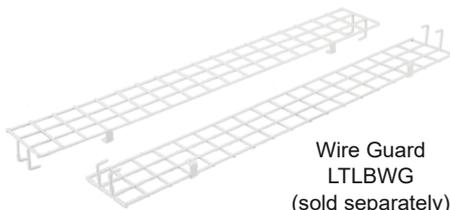

Accessories:

Besa Fixings (included)

V Hooks (included)

Wire Guard
LTLBWG
(sold separately)

Technical Specifications:

Power (W):	100-130-150W	CRI	>80
Luminous Flux (lm):	up to 22,500lm	Beam Angle:	90°
Efficacy:	150lm/W	Dimming:	Fixed Output / 1-10V
Input Voltage:	220-240V AC	Mounting:	Surface or Suspended
CCT:	4000K	Emergency:	4W, 180min, 24h charging
Housing Material:	Steel	Battery:	LiFePO4 6.4V 3000mAh, 19.2Wh
Diffuser:	PC Prismatic	IP Rating:	IP20
Finish:	White RAL9003	Warranty:	5 Years

IP20
