MEAN WELL

The UFO Chip High Bay is a perfect combination of packaging and thermal management. The designers focussed on using advanced components and thermal dynamics, giving a smaller, lighter and more powerful solution in an ultra-modern design.

With a beam angle of 120° the UFO high bay is suitable for many applications.

Specifications:

- Voltage: 220-240V/AC
- Power: 200W
- LED Type: Philips SMD 3030
- Material: Die-Cast Aluminium
- Beam Angle: 120°
- Power Factor >0.95
- Meanwell Driver
- Colour Temp.: 5700K
- Lumen Output: 27000lm
- Dimming: Fixed Output/1-10V
- Mounting: Hanging / Wall
- IP Rating: IP65
- Warranty: 5 Years
- Energy Saving: 90%
