Energy Saving LED

RTWPLED5MW

5ft 50W LED Non Corrosive Weatherproof Fitting - IP65

with Microwave Sensor and Remote Control

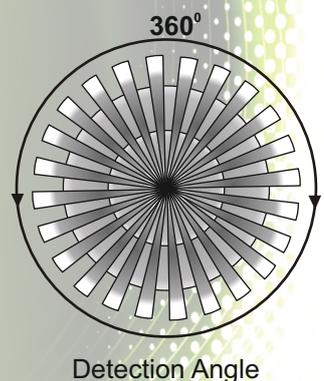

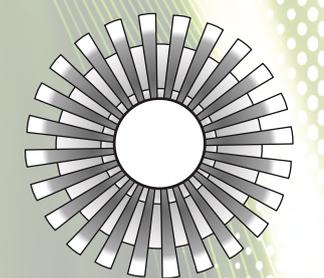

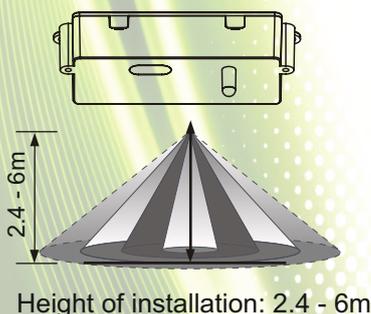

LED Batten lights are designed for the straight replacement of existing 5ft fluorescent fittings. They come complete with microwave sensor and remote control and are suitable for the most demanding environments, such as multi-storey car parks and workshops.

The sensor adjustable presets include time delay, sensitivity and lux.

Supplied with terminal blocks for series and master-slave wiring.

With a smooth and even light distribution it provides up to 50% energy saving against T8 fluorescent.
