

## Smart Wi-Fi Lamps APP Instructions

Please read these instructions and retain them for future reference.

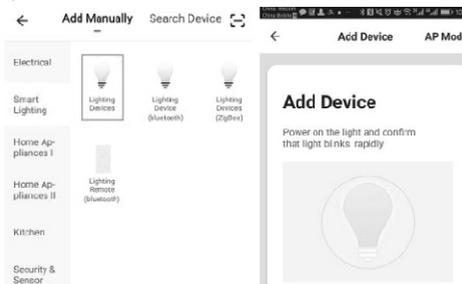

### Important information

It is recommended that the fittings are installed by a qualified electrician ensuring the installation complies with current IEE wiring regulations & local building control.

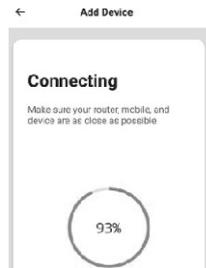

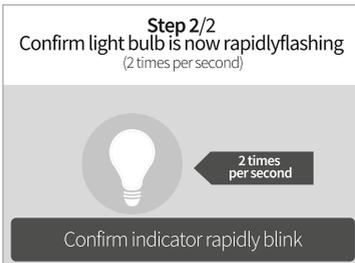

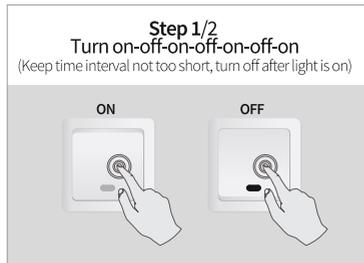

These products are designed for connection to a 220-240V mains supply. Always switch off mains supply before installation.

### Smart Life APP Instructions:

1. **Download Smart Life APP** - Scan the QR code on the right to download the Smart Life APP. You can also search "Smart Life" in either App Store or Google Play to install the APP.
2. **Register a Smart Life account and sign in the app** - You will be prompted to enter your mobile number or email address to register. The system automatically recognises your country / area. You can also select your country code. Note: If you use a Mobile number you will be sent a text message with your confirmation code to complete your account registration.
3. **Add lamp to Smart Life APP** - Tap the icon "+" on the top corner of "My device" page, choose your device type - Smart lighting, then follow the instructions in the APP to connect the lamp.

The lamp needs to be **set to flash rapidly**. Please follow the 2 steps below:

4. **Enter Wi-Fi password, then connect.** Make sure your router, mobile and lamp are as close as possible.
5. After connection, the lamp will appear in your list and you can control it from anywhere in the world. You can also rename the lamp and group more lamps.
