

Product selected: Mini-Lynx Fast-Start 20W/827/B22

Mini-Lynx Fast-Start is a range of compact fluorescent lamps with a self-contained control ballast in the base. This means that Mini-Lynx Fast-Start can be used as a direct replacement lamp for less efficient incandescent light bulbs. The range is available with a E14, E27 or B22 lamp cap and a wide variety of wattages. Mini-Lynx Fast-Start lamps are small and lightweight. They light up instantly without switch delay and run up to full luminous flux very quickly.

Applications

- Direct retrofit for GLS Lamps.
- For professional and domestic use.

Features

- Ultra fast starting
- Very small dimensions
- Integral electronic ballast
- Average rated life 6000 hours
- Saves up to 80% of Energy

Directions for use

- Not suitable for use with dimmers or photocell
