

DUAL USB CHARGING MODULE

POWERING
THE FUTURE

MK Electric offer a wide range of frontplates in a variety of finishes and our MK Design Service also allows you to create your own bespoke combinations.

USB TYPE A+C 18W POWER DELIVERY (PD) CHARGING

The charger will communicate with connected electronic devices using PD protocol to negotiate charging parameters (current/voltage), in order to optimize charging speed and also protect the battery lifetime.

One 18W universal USB PD will be able to power a wide variety of electronic devices.

STANDARD SNAPFIT EURO MODULE DESIGN

Fits into any standard Euro frontplate with a 50 x 50mm aperture. Ultimate flexibility of application with a selection of frontplate options as well as custom combination plates.
