

Indoor LED insect killer - aluminium case

Product Features

- High efficacy UV-A LED tube of dual wavelength 365+395nm
- Excellent insect killing ability with 4000V high-voltage output
- Eco-friendly LED tubes with long lifespan
- Durable and safe fire-proof aluminium housing
- Removable collection tray for easy cleaning
- CE & Rohs certificated

Specification

- Colour
Silver & black
- Main Material
Aluminium alloy & ABS fire-resistant plastic
- Area coverage
Approx. 50m2, 80m2 & 150m2 (3 models)
- Power Supply
AC220V - 240V/50Hz
- Power Rating
8W (for 50m2 model)
10W (for 80m2 model)
18W (for 150m2 model)
- Operation voltage
4000V magnetic high voltage
- Lamp type
Dual-wavelength (365+395nm) UV-A LED tubes
- Lifespan of lamp
Approx. 20,000 hours
- Mounting options
Free standing & suspension
- Accessory
Chain for suspending use
- Plug type
BS plug
- Net size & weight
50m2 model : L39xW11xH28cm, 1.8kg
80m2 model : L44xW11xH33cm, 2.32kg
150m2 model : L70xW11xH33cm, 3.56kg
- Gross size & weight
50m2 model : L39xW11xH28cm, 2kg
80m2 model : L44xW11xH33cm, 2.6kg
150m2 model : L70xW11xH33cm, 3.85kg
