sensio ®
furniture lighting solutions

RoHS CE ♲ ⏚

Benefits

- Versatile extension that can deliver power to many different electrical items
- Small footprint
- Simple installation
- Can be retrofitted into wooden surfaces

Key Features

- Slim stainless-steel handle sits almost flush with the worktop for a seamless finish
- Spring mounted handle
- 3 x Power sockets
- 2 x USB sockets
- IP20 rated

Product overview

Featuring three power sockets and two USB ports, the new SensioPod E is a great addition to any kitchen with a shortage of power outlets.

The pod will sit comfortable on any kitchen worktop, although islands are generally the most popular location, and they can even be mounted on the side of cabinets if space is limited. The locking ring ensures quick and easy installation as well, simply cut a hole in the desired surface, place the pod through the hole and attach the threaded locking ring from the underside.
