

COLOUR CHANGING LED NIGHT

Item ref: 429.957UK

This versatile colour changing night light is designed to illuminate from dusk to dawn and simply fits into any UK 3-pin socket. Its clever range of colour change functions offer you the choice of either permanent white, constantly changing colour or the ability to select any colour from the spectrum helping you to create the perfect atmosphere. Great for bedrooms, nurseries, landings and hallways.

- Choose between white, colour changing or colour select modes
 - Always on/off functions in either white or colour modes
 - RGB LEDs provide smooth colour blending
 - Dusk to dawn sensor automatically switches on at dusk and off at dawn
- Conforms to BS 4533 and BS 5733/A

Specifications

Power supply	230Vac, 50Hz
Power consumption	0.7W
LEDs	3 x 0.233W RGB LEDs
Colour temperature	4000-4800K
Lifetime	30,000 hours (approx)
Dimensions	115 x 60 x 36.5mm
Weight	123g

Controls and Functions

- Insert the LED night light into a powered wall socket.
 - Turn the switch to the 'white' position for the always on feature.
 - Turn the switch to the 'off' position to switch the unit off.
 - Turn the switch to the 'colour change' position for the constant colour changing mode.
 - For automatic mode select either 'white auto' or 'colour change auto'. This means that the unit will now only operate the selected colour during the hours of darkness.
- During either colour change mode it is also possible to select the displayed colour by pressing the colour mode button on the other side of the unit. This selected colour will now be remembered and the unit will light up again in the same colour on the next operation.

Warnings

1. For reasons of electrical safety the device must never be cleaned with water or other liquids or immersed in water.
2. Only a dry, lint-free cloth should be used for cleaning.
3. Please do not use this device if you find that it is damaged in any way.
4. Do not subject the device to any extreme temperatures or severe mechanical stress as this may result in deformation of the product.
5. Remove the product from the socket when not in use.
6. Never cover the LED night light when it is in operation.
7. Do not attempt to repair the unit or take apart under any circumstances, as this will invalidate your warranty.

This product is classed as Electrical or Electronic equipment and should not be disposed with other household or commercial waste at the end of its useful life. The goods must be disposed of according to your local council guidelines.
