

# Degrip All Genius Spray

Revision: 8/12/2017

Page 1 from 1

## Technical data

Basis	Mixture based on mineral oil and graphite
Consistency	Liquid
Density	Ca. 0,72 g/ml
Solubility in water	Not soluble
Volatile Organic Compounds (VOC)	58 %
Application temperature	5 °C → 30 °C

(\*) these values may vary depending on environmental factors such as temperature, moisture, and type of substrates.

## Product description

Degrip All Genius Spray is a high quality penetrating oil which dissolves rust and corrosion. Genius spray allows precise extrusion and regular spray action.

## Properties

- High penetrating power
- Dissolves rust and corrosion
- Protects
- Rust and corrosion-resistant
- For in and outdoor use
- Aerosol can be used in any angle (360°)
- Lubricates
- Fast drying
- Contains non flammable propellant

## Applications

- Highly efficient in releasing corroded and rusted metal parts such as nuts, bolts and machine parts.
- To be used on screws, bolts, nuts, moving parts, axles, hinges, chains, garden tools, etc...

## Packaging

*Colour:* black/grey

*Packaging:* 300 ml aerosol

*Parfum:* Cola

## Shelf life

3 years in unopened packaging in a dry and cool environment at temperatures between +5°C and +25°C.

## Substrates

All types of metals.

## Application method

*Application method:* Remove dirt and loose rust mechanically by means of a metal brush. Shake can well before use. Spray sufficient product from a distance Apply as required. leave to penetrate during ca 5-10 minutes. Repeat if necessary.

## Health- and Safety Recommendations

Use only in well-ventilated areas. In case of contact with eyes, wash immediately with plenty of water.

## Liability

The content of this technical data sheet is the result of tests, monitoring and experience. It is general in nature and does not constitute any liability. It is the responsibility of the user to determine by his own tests whether the product is suitable for the application.
