

Introduction

When you're thinking about booking an electrical training course for one of your customers, it's important to know what sort of company you're helping them to choose, and how we work.

We hold the following accreditations as a specialised electrical training centre:

City & Guilds Approved Training Centre 065711

EAL Approved Training Centre L2075ER

NICEIC Approved Centre DIU 15616

BPEC Approved Centre 0239

Construction Skills Approved Centre

Enhanced Learning Credits provider

We're focused on a single aim - the success of our clients

We've always been a very customer-focused training provider - we believe that our intensive electrical courses should offer not only the highest standard of training possible, but also superb value for money as well.

We listen

We have astonishing customer feedback - 100% of our customers tell us that not only did our course meet their objectives, but also that we offered excellent value for money.

We deliver

A recent EAL inspection found that our training was "way beyond Gold Standard - this is Platinum Standard training by any measure". We deliver over 3500 courses per year.

We learn

Only by listening to our customers, whether individuals or companies, can we continue on our path of improvement - so we constantly review and refresh what we offer.

90% + Pass Rates

This speaks for itself – When your customer wants to be sure of passing your qualification, they will need the highest quality training.

What We Do

We offer a comprehensive range of electrical courses, from the 1-day 17th edition update to the full electrician NVQ.

Our courses cater to all levels of experience and ability. Whether your customers are newcomers to the electrical trade looking for basic training, or an experienced tradesperson needing to update their skills in line with recent developments – we’ve got the course for them. With practical, hands-on training in a ‘real-life’ environment from experienced instructors – we guarantee they will learn everything they need to take the next step in their career.

Perhaps they’re just starting out in the industry and looking for that crucial first City & Guilds certificate or maybe they need to update the qualifications they gained years ago or add to their skills as jobbing electrical contractor

How to choose a course

It is important, for you, as someone that is helping your customer choose the right course. We have provided you with 4 ways in which you can do that:

Use the website

 The website is full of information that will help you help your customer. The most importantly is to check the prerequisite requirements that are needed for each course

Use the catalogue

 We have produced a special catalogue which will allow your customer to pick what they want; your job is just to guide them through it.

Pick up the phone

 The team are waiting to help you, they are all fully skilled in help people choose the right courses. Just use the dedicated TLC phone number and get straight through to them.

How to place an order

Placing an order could not be easier. Just follow the simple steps below and help your customers improve their knowledge and skills.

Step 1

-  Choose the correct course and date preferred

Step 2

-  Check availability online or use your dedicated phone line and speak to the team, complete the Booking form with all the required information

Step 3

-  Place an order for the course you want using official TLC order number, and confirm date, and full contact details (from booking form)

Step 4

-  Make a note of the special order reference we give you as this is all your customer needs

Step 5

-  Invoice your customer

Step 6

-  Allow Tradeskills 4 U to take control from this point.

Accommodation

Great places to stay whilst you train!

Convenient, affordable and good quality accommodation makes things just a little easier. Many of you come from the far corners of the UK and beyond. Being so close to Gatwick Airport, not only is travel to our centre very easy, but there are also many short term accommodation providers.

We have linked up with some of them, sensibly priced and suitable for your particular needs. We have personally inspected each one and monitor feedback from our customers on the quality of service they provide.

If you would prefer further options please call our team on 0800 856 4448 for alternates.

Why Stay Over?

By booking a course with us you're investing in your future - so it's important you stay focused. By staying close to the centre you can avoid any family distractions (!) and arrive on time and refreshed for your course each day. Many people choose to stay - a 'team' atmosphere develops and the social time before and after your course each day helps you support and help each other.
