Protection class	IP65
Glow wire test	650 °C
Temp. range min	-5 °C
Temp. range max	85 °C
Material	Thermoplastic, Polycarbonate
Product Color	RAL 7035
External dimensions LxWxH	85x155x100mm
No. Elements	3
Type	1303W
Order no. UK	1303/W
Packing unit	1

Advice:

A range of IP65 Distribution Enclosures, suitable for auxiliary buildings and other applications. Ideal for external buildings that are not classified as dwellings; this can include sheds, workshops, detached garages, swimming pool areas, photovoltaic, and electric vehicle charging stations, as well as many other industrial and commercial areas.

The enclosure is manufactured from Thermoplastic with a polycarbonate cover. This gives a very high resistance to shock with a rating of IK08 and is fitted with fast fixing stainless steel screws, ensuring a quick fix and maximum weather resistance.

The enclosure has the following features:

- IP65 IK08
- Available in 3 – 48 module options
- Halogen free
- Ultra-fast self-tap stainless steel screws
- Multiple entry knockouts, suitable for entry and cable glands
