Net Weight	2.6Kg
Dimensions D x W x L	145 x 271 x 323mm
Noise level	72dB at 1m
Cover material	F/R ABS

Outstanding design coupled with next generation engineering, it's instantly a best in class hand dryer.

The Pebble is the only hand dryer to offer true multi-product Plug & Play functionality. It has a low environmental impact without compromising on style or efficiency – producing 90% less CO² compared to other hand dryers.

A high quality, low-cost hand dryer that would be a fitting finish to any stylish washroom, the Plug & Play offers an easy to use snap in/out system, removing the need for skilled labour. The unique design is stand out, but the noise level isn't.

Along with the sleek and modern look, the Pebble Plug & Play also boasts ION PURE anti-microbial metal ions – preventing the buildup of offensive odour, and bacteria, mold and viruses growing inside the hand dryer. 'Clean Air' filtration offers the user an added layer of hygiene.

The Pebble® HEPA Filter

When the smart iHEPA filter needs replacing in the Pebble Plug & Play, the hand dryer will tell you it's time.

It's the only machine on the market to let you know you need to change the old filter for a new one - so you can ensure your dryer is always only ever pumping out clean air!

The LED on the front of the Pebble will flash to let you know when it's time to change the HEPA Filter

Filter replacement sensor

Pebble® FAQs

1. Is the dryer robust?

Yes, the mouldings are manufactured in High Grade Fireproof 94V0 ABS and its IK strength rating is IK08.

2. Is the dryer durable?

Yes, with the correct maintenance the dryer should continue working for up to 20 years. It's ahead of the curve in the market as most other dryers currently only work for 5 years in general.

3. Is the dryer hygienic?

Yes, not only is there a smart iHEPA filter that tells you when it's time to replace it, but the dryer casing also includes an Ion Protect antibacterial coating which eliminates bacteria and germs that land on its surface.

4. Is this a warm air hand dryer?

Yes, the dryer is fitted with a 400-Watt element, which can be turned off if not required.

5. How efficient is the dryer?

This dryer is one of the most efficient dryers in the market, with a hand drying time of 10-12 seconds and an estimated annual running cost of £6.00 per annum.

6. Is the dryer easy to fit, secure and maintain?

With its unique first fitting wall bracket, the dryer can be fitted and secured using one bolt. For maintenance, by removing the securing bolt the dryer can be removed from the wall without having to disconnect the mains electric.

7. What colours are available?

White, Satin and Black as a limited addition.

8. Which market sectors is this dryer suitable for?

Everywhere, all market sectors.

Certification	Energy per dry notes	Based on inhouse testing dry times at max setting
	UKCA, CE marked in accordance with EEC documents, RoHs (TUV certified)	

24 Hour Replacement Warranty

The special Plug & Play 24 Hour replacement warranty for the Pebble and Pebble Mini.

We pride ourselves on our very simple replacement service;

1. Simply call our technical support line on 01425 689313 and report your fault.
2. Our technical team will call you back within 60 minutes.
3. If we cannot solve the problem on the phone, a replacement hand dryer will be dispatched that very day*.
4. When you receive the replacement dryer, simply follow the instructions on the box or download the QR code video on how to replace the dryer – anyone can do it, no training required.
5. That's it, your good to dry again.
6. Place the potentially faulty hand dryer in the same box, secure, and call us on 01425 616013 to arrange collection.

Now, the good to know:

Our 24 HR service runs Monday – Friday, only in UK, and only applies to units in warranty and plug & play enabled. In order to gain 24 HR replacement the initial fault must be recorded before 1pm that day, if the fault is recorded after 1pm, the replacement unit will be dispatched the next day*. Non return of the potentially faulty unit will lead to a charge. If the returned potentially faulty unit is deemed out of warranty or the fault is not warranty related i.e. vandalism, excessive motor wear, then a charge will be applied. We take no responsibility for courier delays.
