

Product Code: FHD2

Description: Conventional Fixed Temperature Heat Detector & Diode Base

General Information

Dimensions	ø102mm x 48mm (Including Base)
Type	Conventional
Class	A2/S
Wire Gauge	0.4mm - 2.0mm TWIN
Weight (Including base)	160g

Testing

Test Facility Heat Source

Power

Operating Voltage	9 - 30VDC
Standby Current @ 24v	< 60µA
Alarm Current @ 24v	49mA

Environment

Ingress Protection	IP30
Relative Humidity Resistance	(93±3)% @ 40°C
Operating Temperature	-10°C to 60°C
