Energy Saving LED

LTWP15PC

15W LED Slim Wall Pack CCT c/w Photocell

The LTWP15PC Slimline decorative wall pack is an energy-efficient lighting solution and an ideal replacement for fluorescent 2D fittings. Suitable for commercial outdoor areas and perimeter lighting, with IP65 rating and impact resistant diffuser, IK10 rated.

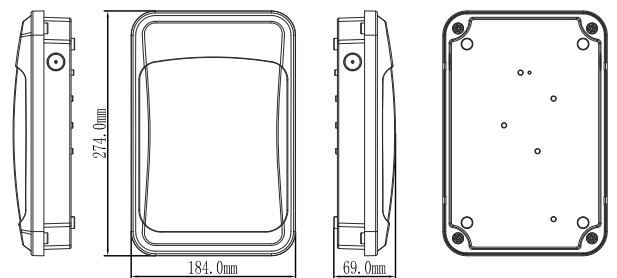

Tri power changeable 9/12/15W and CCT changeable, it has a black polycarbonate base with detachable front trim, with multiple cable entries (cable gland included). The photocell controls the light automatically in accordance with the ambient light level.

Features & Benefits:

- Corrosion Proof
- 3000/4500/6500K CCT Changeable
- 9W/12W/15W Power Changeable
- With photocell for automatic light control
- IP65 and IK10 rated
- High-Strength Polycarbonate base & diffuser
- Wide beam angle and no glare
- Evenly diffused light output
- 35% energy saving and 50,000 hour LED lamp life
- Resistant to shock and vibration
- Withstands temperatures of -15°C to 40°C

Dimensions:

Technical Specifications:

Input Voltage:	220-240 V/AC	CRI:	>80
Input Current:	135mAh	Beam Angle:	120°
LEDs:	SMD2835, 10x2pcs.	IP Rating:	IP65
Tri Power Selectable:	9W/12W/15W	Protection Class:	Class II
CCT Changeable:	3000L/4500K/6500K	Housing:	PC Base & Diffuser
Light Output:	9W - 900lm	Operating Temp.:	-15°C to +40°C
	12W - 1200lm	IK Rating:	IK10
	15W - 1500lm	Warranty:	3 years
Efficacy:	110lm/W	Photocell:	ON<20lux / OFF>60lux

220-240V/AC
